January 26, 1989

Mr. D. Wayne Hedberg
Division of Oil, Gas and Mining
3 Triad Center, Suite 350
355 West North Temple
Salt Lake City, Utah 84180-1203

SUBJECT: Issuance of Permit to Continue Large Mining Operations -
Interstate Brick Company; Five Mile Pass, Tooele County
State Application Identifier #UT881220-010

Dear Mr. Hedberg:

The Resource Development Coordinating Committee of the State of Utah has reviewed this proposal and the Division of State History comments:

The Utah State Historic Preservation Office reviewed [the] cultural resource files for the [stated] project area. No prehistoric or historic sites have been recorded within the project area, but there appear to be several unrecorded historic mine sites. There have also been several small negative cultural resource surveys near the project area. Therefore, there is probably a low potential for finding prehistoric sites in the project area. But the mine sites have [not] been . . . [evaluated] for inclusion on the National Register of Historic Places. Impacts to important historic resources [can] not be assessed until evaluations [are] made.

This information is provided on request to assist the Division of Oil, Gas and Mining. It does not constitute Section 106 consultation as specified in 36 CFR 800 because no federal agency sent a request for consultation on eligibility or effect determinations. If you have questions or need additional [historic] assistance, please contact [Diana Christensen] at (801) 533-7039.

The Committee appreciates the opportunity to review this proposal. Please direct any other written questions regarding this correspondence to the Utah State Clearinghouse, at the above address, or call Carolyn Wright (801) 538-1535 or John Harja (801) 538-1559.

Sincerely,

Michael E. Christensen
